General Admission Guidelines for CFANS:

- Successful applicants will have College Algebra (or higher) completed or in progress to be completed prior to enrolling at the U of M. This must be completed with a C- or higher.
- Priority admission consideration is given to applicants who intend to graduate from CFANS.
- Most successful applicants will have a strong foundation in math and science.
- For transfer applicants with fewer than 26 college credits complete, applications are reviewed using both college academics and the following:
  - Successful completion of the high school course requirement.
  - High school rank percentile (students from non-ranking schools and those with GED or other high school equivalency are given full consideration).
  - ACT or SAT scores.
  - Rigor of the high school curriculum.
